

PDL4200

**ULTIMATE
SCAN TOOL**

THE STANDARD IN INFORMATION AND DIAGNOSTICS SYSTEMS

PDL 4200™

THE WORLD'S MOST POPULAR DIAGNOSTIC PLATFORM IS NOW EVEN BETTER.

Already trusted by technicians worldwide, our Diagnostic platform has been redesigned and upgraded to be the ultimate scan tool for everyday maintenance and repairs. With exclusive SureTrack® verified repair information, and comprehensive coverage for domestic and imported vehicles, PDL 4200™ provides all the sophisticated features you need to handle a broad range of diagnostics – without the complex functions you don't. It's going to plus your capabilities from day one.

SureTrack®

Delivers diagnostics experience and verified parts replacement records harvested from millions of successful repair orders.

Custom Data List

Lets you customise the way you work, with custom data lists, freeze-frame, PID sorting, pause, zoom, PID trigger, snapshot and cursor functions.

One Touch Code Scan

Quickly performs code scans, with a complete overview of the vehicle for fast triage.

One Touch Code Clear

"Clear All Codes" lets you quickly finish the repair or service.

ULTIMATE SCAN TOOL

ADVANCED FEATURES AND INTUITIVE FUNCTIONALITY MAKE PDL4200™ THE NEXT-GENERATION SCAN TOOL FOR NEXT-GENERATION TECHS.

Diagnostics For Techs of any Experience

- Training videos on the main menu that help you get the most from your tool
- Ability to record and play back all available live data parameters and graph, any four on screen at once

Rugged, Newest Generation Product Design

- Large 8" capacitive touchscreen display for better readability in sunlight and ease of use
- Connect seamlessly to vehicles with Ethernet communication systems
- Receive software updates direct to the tool via Wi-Fi®*

Faster and More Productive

- Access to comprehensive OEM-specific automotive coverage for nearly 40 manufactures and over 100 vehicle systems automotive coverage for 49 domestic, Asian and European vehicles
- Super-fast boot up: ready to use in just 2 seconds; diagnostic results in as little as 30 seconds
- Detailed trouble code definitions, live data, functional tests, relearns and adaptations
- Instant Vehicle ID automatically powers up and reads the vehicle ID when connected
- Verify diagnosis and repair with powerful bidirectional controls for operations such as injector balance, gauge sweep, misfire detection, brake bleed and EVAP
- Embedded SMX® Operating System dedicated to diagnostic functions for fast, reliable operation
